MARK NGUYEN

Undergraduate Biological Engineer

mhn35@cornell.edu http://linkedin.com/in/mark-nguyen-5b0770303/ Cornell University, Ithaca, NY

EXPERIENCE

Business Analyst

Cornell Consult Your Community

02/2026 - Present Ithaca, NY

- Led strategic consulting for a 200+ production theater's digital transformation, conducting stakeholder analysis and market research to redesign patron journey across website, CRM, and ticketing platforms serving 3,000+ patrons
- Delivered data-driven recommendations on subscription models and patron segments for 125-seat venue, balancing mission-driven brand identity with sales objectives
- Designed an intuitive experience for older audience demographic

Information Specialist

Martin Y. Tang Welcome Center

02/2025 - Present Ithaca, NY

- Conducted weekly tours of 25+ prospective students and processed 30+ inquiries on the university switchboard, analyzing engagement patterns and feedback for data-driven optimized operations and improved visitor satisfaction
- Fronted University visitor center front desk, increasing visitor satisfaction via on the spot tour routes, attraction maps, and event lists

Orientation Leader

Tatkon Center for New Students

05/2025 - Present Ithaca, NY

- Guided 180+ first-year students, promoting mental health resources, career development, and campus involvement
- Served as a peer mentor, guiding new students one-on-one on organization recruitment, resumes, and interviews

Design Coordinator

Cornell Lion Dance

12/2025 - Present Ithaca, NY

- Graphically designed and coordinated purchases for team merch with internal faculty sponsors and external vendors, all to increase team satisfaction and organization identity
- Trained new members in, and performed in, traditional East Asian lion dance, spreading cultural awareness and experiences with the local community

Business Team Lead

Cornell iGEM

11/2024 Ithaca, NY

- Coordinated with administration and full team leads to finance $50k budget, sponsorships, grants, and fundraising
- Executed market research for an innovative space bioremediation-based project, identifying industry trends and differentiators to form a strategic partnership direction, identify intellectual property, and develop a business plan
- Designed, simulated, and heat shock transformed E.coli, using model data to assess scalability/commercial viability
- Trained five business strategists in SWOT, PESTEL, and business model canvas for entrepreneurial risk analysis
- Researched, compiled, and wrote over 15 grant proposals to acquire funding and support for year long project
- Budgeted, managed, and filed annual team financial reports with previous project comparisons and justifications to support funding requests.

SKILLS

Data Analysis | MS Excel | MS PowerPoint | Financial Modeling | Technical Assembly | Risk Analysis | Contract Analysis | Python | Wet Lab Transformation & Culturing | Public Speaking | Stakeholder Management

EXPERIENCE

Affordable Dentures and Implants

Affordable Dentures and Implants

12/2024 - 01/2025 Oklahoma City, OK

- Observed medical device applications and treatment planning, gaining exposure to orthopedic and dental protocol
- Assisted in surgical preparation and sterile field management, developing understanding of clinical device utilization

City Council Liaison

Oklahoma City Council

08/2023 - 05/2024 Oklahoma City, OK

- Represented 85k citizens as City Council liaison, reporting developments and promoting awareness of local issues
- Produced ward-focused video with other liaisons, promoting equitable access developments and local programs

Profitability and Contract Analysis Intern

Cornerstone Architecture

02/2022 - 12/2023 Oklahoma City, OK

- Reduced workflow inefficiency by 10% after analyzing $10k in past project losses and opting to alter firm insurance
- Partnered with local businesses on firm contracts, generating clientele retention while optimizing revenue streams via contract extensions or revisions on past and future projects
- Conducted face-to-face client and firm meetings, ensuring client satisfaction through detailed alterations and inclusions to contract and project parameters

Project Manager

St. John Paul II GOLD Hospice House

01/2020 - 05/2021 Norman, OK

- Spearheaded 16-month construction project for a non-profit, securing over $14k in resources, labor, and donations
- Coordinated with Hospice House to ensure equal access to meditation area for 25+ permanent residents and staff

EDUCATION

Bachelor of Science in Biological Engineering | Minor: Business

Cornell University – College of Agriculture and Life Sciences

08/2024 - 05/2028 Ithaca, NY

High School Diploma

Westmoore High School

2020 - 2024 Oklahoma City, OK

PROJECTS

Moore Love

2020 - 2024 Moore, OK

- Raised $300,000 for a local district philanthropic organization through strategic fundraising campaigns, event planning, and direct community outreach.
- Planned and coordinated large-scale fundraising events, managing logistics, volunteer teams, and donor engagement.
- Conducted public solicitation and community engagement efforts to secure sponsorships and individual contributions.
- Supported ongoing volunteer initiatives to advance district-wide community programs.
- Served as program spokesperson for public facing community outreach video and advertisement.

AWARDS AND HONORS

iGEM Best Under/Overgrad Space Project 2025

Developed the best Space solution at the 2025 "International Genetically Engineered Machine" competition in Paris, France

iGEM Best Undergraduate Hardware 2025

Developed the best supporting novel hardware at the 2025 "International Genetically Engineered Machine" competition in Paris, France

iGEM Gold Medal

Medal of Distinction awarded to iGEM teams that exceeded project criteria, going above and beyond in all metrics of wet lab, product development, business, integrated human practices, and web development.

Cornell Traditions Fellow

Fellowship of 500 undergraduates recognizing excellence and dedication to public service, work, and academic excellence

National Merit Finalist

Selected as part of the top 1% of 2024 U.S. high school seniors based on rigorous academic evaluation, standard examination scores, and leadership potential.

Oklahoma Academic All State

Named a 2026 Oklahoma Academic All-Stater by the Oklahoma Foundation for Excellence, recognizing the top 100 public school seniors for exceptional academic performance, leadership, and community service.

OSSAA 6A Prose Finalist

01/2020 - 05/2021 Norman, OK

- Spearheaded 16-month construction project for a non-profit, securing over $14k in resources, labor, and donations
- Coordinated with Hospice House to ensure equal access to meditation area for 25+ permanent residents and staff

SUMMARY

Mark Nguyen is a sophomore at Cornell University pursuing a B.S. in Biological Engineering with a Business minor, sitting at the intersection of life sciences and commercial strategy. As Business Team Lead for Cornell iGEM, he manages a $50K R&D budget, authors grant proposals, evaluates intellectual property, and translates experimental data into commercial frameworks — while simultaneously contributing to wet lab work including E. coli transformation and bioreactor development. Complementing his research experience, he serves as a Business Analyst at Cornell Consult Your Community, delivering data-driven consulting strategies for real clients across CRM, market research, and stakeholder management. Mark's goal is to drive innovation at the convergence of biotechnology, engineering, and business — accelerating the path from scientific discovery to market impact.
